## **Things You Should Be Able To Do**

Hike 11 miles in a day

## **Things You Will Learn How to Do In Preparation for the Backcountry**

- Cross a raging creek barefoot with a backpack on
- Hike along a ridge or mountain edge at 10,000 elevation
- Survive sub-freezing weather when you are camping
- Start a campfire, put out a campfire
- Dress appropriately for the Backcountry
- Hang a bear bag
- Dig a "cat hole"
- Read a topography map and use a compass
- Respond correctly to a bear attack (black and Grizzly)
